

Nova Scotia Assessments and Examinations

Results for Students with Mi'kmaq or other Indigenous Ancestry and Students of African Descent

About assessments and examinations

Nova Scotia teachers work with the Department of Education and Early Childhood Development to develop, score and set the expectation on assessments and examinations. The expectation is what students should know and do independently at the time of year of administration. All items and texts on assessments and exams are based on the Nova Scotia curriculum.

Students in Grade 6 write Nova Scotia Assessments in September/October. Students in Grade 3 and 8 write in May/June. Students in English 10 write Nova Scotia Examinations in January or June. Students in Mathematics 10 write the Nova Scotia Examination in June.

The assessment and examination results provide:

- teachers with information to inform instructional planning;
- parents and guardians with information on their child's performance;
- the Department of Education and Early Childhood Development and Regional Centres/ CSAP with information to inform educational decisions.

These results should be used in combination with other reliable measures of school and classroom achievement. For more information, visit <https://plans.ednet.ns.ca>.

About self-identification for students with Mi'kmaq or other Indigenous ancestry and students of African descent

Self-identification for ancestry or heritage is a voluntary part of the school registration process in Nova Scotia. As of 2018–19, 73% of the student population has some self-identification information recorded. Of the total enrolled population, approximately 5% self-identified as having Mi'kmaq or other Indigenous ancestry and approximately 6% self-identified as being of African descent.
