Examen de la Nouvelle-Écosse de 2016–2017 : Mathématiques 10 – June 2017

## Re-scoring request of

Reading

Writing

Mathematics/mathématiques

## Confirmation of Request

This request for re-score will verify the results as reported on the Individual Student Report for the examination in question. The re-score result will have no bearing on the examination mark as used to calculate the student's final grade in the course.

I have spoken with the principal about this request, and have been informed of the measures that have been taken to ensure the scoring of the examination in question is fair and accurate. I understand that I will not be given a copy of the examination to be re-scored, nor will I have the opportunity to see the examination to be re-scored. I have also been informed that the result of this re-scoring request will be the final determination of the examination score, and that this score will replace the original score, even if this results in a lower score. This request will be submitted according to the timeline that has been communicated to the school principal.

## Person Requesting Re-score

Name (please print): \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

## School Principal

Principal Name: \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Principal Email address: \_\_\_\_\_
